1644
Patent Docket P1795R1

P#12

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of Wyne Pun Lee et al. Serial No.: 09/738,540 Filed: December 14, 2000 For: TREATMENT METHOD	Group Art Unit: 1644 Examiner: M. Haddad CERTIFICATE OF MAILING I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as first class mail in an envelope addressed to: Assistant Commissioner of Patents, Washington, D.C. 20231 on January 16, 2003  Janet Tse
--------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

TRANSMITTAL

Assistant Commissioner of Patents
Washington, D.C. 20231

Sir:

In response to the Office Action dated July 16, 2002, applicants submit herewith courtesy copies of the Form PTO-1449 (4 pages) and the 85 references cited thereon. The Form PTO-1449 and copies of the 85 cited references were originally submitted to the Patent Office along with the IDS filed on June 28, 2001. Also enclosed is a courtesy copy of the stamped return postcard indicating the Patent Office's receipt of the above-mentioned documents.

Respectfully submitted,
GENENTECH, INC.

Date: January 16, 2003

By: 

Lee K. Tan, Ph.D.
